About us

CORE Grounds Maintenance Limited was founded in 2021, Located in the Forest of Dean we have quickly built up a great reputation and have since become a leading provider of commercial and residential grounds maintenance and exterior cleaning services.

Grounds Maintenance

CORE Grounds Maintenance Limited is a highly reputable company specialising in grounds maintenance services, renowned for its expertise and commitment to creating and maintaining pristine outdoor spaces.

Lawn Mowing and Strimming

Our grass cutting service provides professional and efficient maintenance to your lawns. Our experienced team use high quality, modern equipment and machinery to ensure the grass is kept at a healthy length.

Hedge Cutting

Our hedge cutting service includes regular shaping to enhance the appearance of your property and keep your hedges healthy. We use the latest equipment and techniques to ensure precise cuts and a clean finish.

Weed Control

Our certified team eliminates and prevents weeds, using various techniques such as herbicides and manual removal. Customised approach with property assessment and detailed action plan.

Leaf Clearance

Our Leaf Clearance service offers efficient and thorough removal of leaves and debris from your property, ensuring a clean and tidy outdoor environment throughout the year.

Litter Picking

Our litter picking service offers a thorough and efficient solution for keeping your property clean and free of debris from areas including pavements, parking areas, and common spaces.

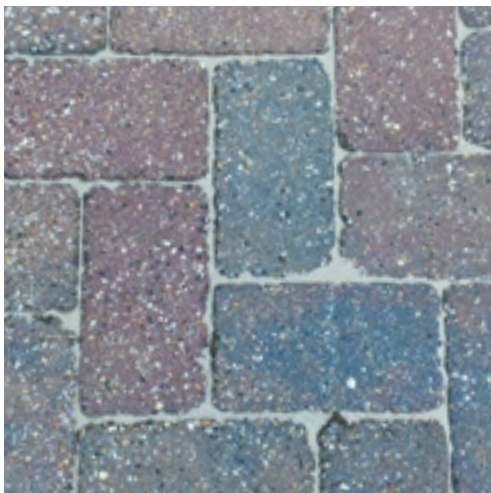

CORE EXTERIOR CLEANING

Exterior Cleaning

By choosing CORE Grounds Maintenance Limited as your exterior cleaning specialists, you can expect professionalism, reliability, and outstanding results.

Block paved driveway cleaning

Our driveway cleaning service is designed to remove all moss and algae from between your block pavers while also cleaning the surface of the blocks to give it a fresh new look.

Decking and Patio Cleaning

Our decking and patio cleaning service is perfect for removing dirt and stains from your outdoor spaces. We use a specialised cleaning solution and high-pressure water to effectively remove grime and build-up.

Pressure Washing

Our pressure washing service rejuvenates residential and commercial properties by effectively removing dirt, grime, and build-up from various exterior surfaces. Using state-of-the-art equipment, we clean driveways, patios, decking, cladding, concrete, walls, steps, and more, restoring beauty and cleanliness to your property.

Soft Pour and Playground

Our soft pour and playground cleaning service ensures safe, clean, and enjoyable play areas for children. Our specialised cleaning methods maintain integrity and cleanliness, with a skilled team delivering exceptional results.

Sport Surface Cleaning

Our professional team uses top-notch equipment to clean various court surfaces, removing dirt, debris, and contaminants. We also provide post-clean line marking and re-painting, ensuring optimal playing conditions and prolonging the lifespan of sports surfaces.

Window Cleaning

We offer a comprehensive window cleaning service using either traditional or pole-fed methods that will leave your windows sparkling and streak-free.

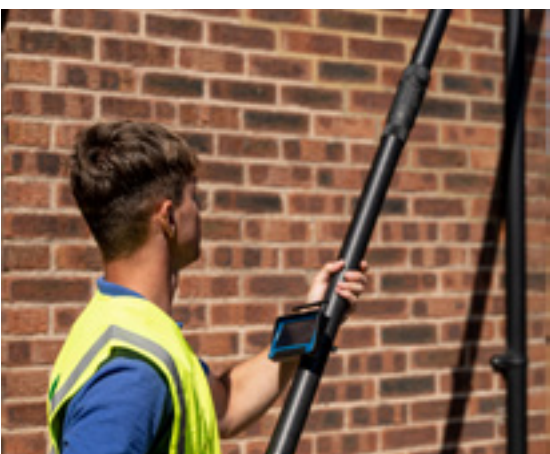

Solar panels, Canopies & Fascias

Our exterior cleaning team restores the appearance of gutters, fascia, canopies, and solar panels by removing dirt, stains, and organic growth. Regular cleaning not only enhances aesthetics but also maximises solar panel efficiency, optimising energy output.

Gutter Cleaning

Using the state of the art sky-vac gutter cleaning system with live camera technology or mobile working platform we remove all debris, leaves, moss and twigs, ensuring that your gutters are functioning properly.

Soft Washing

Our soft washing service is designed to remove dirt, algae, and other build-up from your render walls. We use a gentle yet effective washing method to ensure your home is left looking clean, new and refreshed.

Roof Cleaning

Our roof cleaning service is designed to effectively remove any algae and moss and enhance its original colour, the roof can then be treated with biocide to help prevent any future organic growth.

Graffiti Removal

We offer a prompt and efficient graffiti removal service using the latest products and solutions leaving no trace behind and returning your property to a graffiti-free environment.

Chewing Gum Removal

Our specialised gum removal service effectively eliminates chewing gum from outdoor surfaces using eco-friendly methods, tools, and cleaning agents, restoring cleanliness and appearance with minimal environmental impact.
